

STUDY RUSSIAN IN SIBERIA!

SIBERIA!

Dostoevsky Omsk State University invites you to the Russian Language Summer School!

We are located in the heart of Siberia, so the climate here is warm during the summer. The OmSU offers a 2-week programme both for those who would like to start learning Russian and for those who wish to improve their skills. Classes are held in international small groups based on the Russian language competences. Upon successful completion of the programme you will get the Russian Language School Certificate (3 ETCS).

Russian Language and Culture training

You will have 3 lessons a day. The morning is divided into two lessons. The first one focuses on reading, writing skills and key grammar. After the short break you will focus on improving your oral skills using role-play, debate and project work. During the afternoon lesson you will learn about Russian culture, history and your surroundings in Omsk and the cultural places you will visit during your stay.

Social and Cultural Programme

We've built a great social and cultural programme for you to help you gain a valuable overview of Russian culture based on local heritage. We want to show you the wide diversity of Russia's culture so you will have a chance to visit museums, historical sights and attend lectures and a wide range of social events. There are also full day Saturday tours to places of historical interest or to towns and villages with cultural background.

Friendly and supporting staff

The staff is available throughout the full day as we realize how important it is to have careful people and their help in a foreign city.
