

WE ARE LOOKING FOR DIGITAL TALENTS! ARE YOU ONE OF THEM?

EVERYTHING STARTS *here*

www.creditagricole.rs

If you are a good user of digital platforms and know what Xing and Viadeo are as well as BigData, Cloud and AI, feel free to apply for a CAS programme and join us on a digital journey through the banking world.

Credit Agricole Serbia is in constant search for digital talents who could join our teams and contribute to the digital transformation of our Bank. Digital Talent programme aims for candidates who are proactive, innovative, open to changes and ready to apply their knowledge into practice. Besides proficient computer literacy candidates have to be acquainted with the tools regarding web programming and design such as HTML5, CSS3, XML, JavaScript, jQuery, Photoshop and Ajax, and be aware of the modern companies' business trends.

Being exposed to mentoring programme and work in cross functional teams you will have an opportunity to participate in digital projects which will contribute to the increased efficiency and functionality of our processes.

If you feel you are ready for this challenge apply to posao@creditagricole.rs
